

## Transfer Station Study Committee

November 15, 2022

8:00 pm Hybrid Meeting

Called to order 8:04 pm

**Members Present:** Julia Traggorth, Allen Knafo, Bonnie Clarke, Pimhatai Koslowsky

**Guests Present:** Joe Colangelo, Kurt Kelley, Vanessa O'Connor

**Minutes:** Minutes from 11/1 unanimously approved

**Upcoming Meetings:** 11/29 (Tuesday), and 12/15 (Thursday)

- financial Overview
  - JT & AK to go through the Comprehensive Budget Report
  - Oil \$600 figure on budget does not seem accurate according to KK
- Yard Waste
  - Some outside dumping, but hard to monitor
  - Site itself is v small and cannot accommodate additional waste
- Solar Progress Updates **Input from remaining town feedback:** JT continuing to follow up with Duxbury.

### Areas for exploration

- Grants [SMRP guidelines.](#)
  - KK and committee to clear up what exactly is happening at schools
  - BC will check with COA
  - Republic Services bins @ locations, what are they for/who is paying
- Fina
- VOC added to BOS agenda, November 21st @ 7pm
- Capital Plan
  - Main Compactor- JT & KK explained additional information about the main compactor upgrades. FY24, 75K is being requested for quotes/permitting, the following year 500K for the full upgrade. The rail conversion is only a very small piece of the project, the main compactor itself needs upgrading. Currently only holds 18/19 tons of material (due to add cannot add additional compression), versus ideal 24-30 ton range.
  - fencing /railing improvements- JT mentioned looking into SSVT
  - Trash trailer (one approved last FY is 'on order')
  - Replacement Guardhouse/Swap shop
    - Discussed swap shop doesn't need to be on there. Somewhere (Town meeting information) include our findings in regards to Swap Shop
  - Scale Replacement
